

EURASTIP EXCHANGE PROGRAMME – APPLY NOW

FOURTH AND FINAL CALL (ADDED DUE TO SUCCESS)

Receive €3000* to connect with aquaculture experts in Europe and south-east Asia

Maximise existing and new collaborations and strategic partnerships between Europe and south-east Asia in the aquaculture sector with the **EURASTIP** Exchange Programme. Opportunities are available for industry, researchers and educators from both regions to connect and gain new perspectives while sharing innovative ideas to help develop long term partnerships. Bursaries of €3000* are available per exchange to support international innovation and collaboration.

**Subject to remaining funding and eligibility criteria*

INDUSTRY

- Facilitate new business opportunities and develop industrial partnerships
- Open to all stakeholders related to the sustainable aquaculture industry, from technicians to CEOs
- Exchange duration: minimum five working days
- Exchange must take place before the end of September 2019

RESEARCHERS

- Share knowledge and research experience
- Open to all researchers from both research institutes and industry, including technicians and senior researchers
- Exchange duration: minimum ten working days
- Exchange must take place before the end of September 2019

EDUCATORS

- Build capacity, maximise cooperation and develop strategic partnerships
- Open to aquaculture training providers at all levels, from vocational centres to universities
- Exchange duration: minimum ten working days
- Exchange must take place before the end of September 2019

Submissions OPEN NOW – Deadline: 30 April 2019
